Technology Company

Your Partner for Smart & Modern Solutions

ARKEYEZ is a technology company founded in 2021 and based in Tunisia. We specialize in empowering businesses to grow, innovate, and thrive in the digital age.

Our tailored solutions are designed to optimize operations, increase efficiency, and drive sustainable success.

In 2025, ARKEYEZ proudly became the first official Frappe partner in Tunisia, a milestone that reinforces our commitment to providing scalable technology.

From concept to execution, we stand by your side at every stage, ensuring that your business achieves its maximum potential.

Our Vision

To become a trusted technology partner that helps companies innovate and grow in the digital world.

Our Mission

- Providing relevant and effective technology solutions.
- Ensuring the security and protection of customer data.
- Providing services with the best quality and competitive prices.

At ARKEYEZ, we don't believe in one-size-fits-all. Every business is different, so we craft our services around your goals, operations, and industry needs, offering end-to-end support with the flexibility to adapt as you grow.

- ✦ **Software Development**
We build custom tools and platforms to solve real business challenges.
- ✦ **Digital Marketing**
Targeted, creative campaigns that grow your brand and connect with your audience.
- ✦ **ERP Implementation**
We set up and manage our ERP system on our private cloud—flexible, secure, and easy to scale.
- ✦ **Business Development**
Strategic support to help you launch, grow, or evolve with confidence.
- ✦ **UI/UX & Graphic Design**
Clean, intuitive designs that enhance user experience and reflect your brand identity.
